December 8, 2012

Emyvale Rec Centre

Present: Chairman: Alan Miller

Councillors: Joe

Dwight

Julie

Thom

Keith

Planning Consultant: Phil Wood

Absent: Councillor Dianne M

Administrator: Dianne D

Chairman Miller called the meeting to order at 2:55 pm

### **1. Public Meeting**

Chairman Miller opened the floor for discussion on any comments which may have come from the Public Meeting held earlier on the draft Official Plan and Zoning and Subdivision Control Bylaw. There were no written submissions received. Dwight asked a question about Valerie Dochertys comments on group homes and wondered whether a correctional facility might be permitted under this use. Phil W responded that while - Group Homes are a discretionary Special Permit Use, any approval would be subject to Council approval and could certainly be subject to a public meeting. If a sensitive group home were to be proposed it could certainly be rejected by Council. There would also be the issue of the installation of a large on-site waste water treatment system, which could also be rejected by Council.

Keith B commented that none of the comments heard at the public meeting were critical of the policies or provisions of the Plan or Bylaw and he felt the documents were generally well supported. All members of Council expressed their agreement with this statement.

There being no further comments, Chairman Miller asked if anyone would like to make a motion.
